Coach Ciliberti –

JV/Varsity practice model explanation: JV and Varsity will practice together for individuals only. This year JV will have its own coaching staff designated for team periods. Allows boys to move up and down JV and Varsity playing time. JV stigma means nothing. Boys need game time experience and Juniors will play JV and that is OK and not a stigma.

Camps

University San Diego - \$400 is due June 15th. See coach if you need assistance. Camp is July 23-27 and fee covers everything including meals and transportation and hotel. Helmets will be worn at camp this year.

Lifting and Speed Training - \$175 see coach if you need assistance. Begins on May 30th. 2 sessions for JV and Varsity and 1 session for Freshman. 1 session for Youth. Coach Glonek will facilitate.

Attendance policy

Communication is the key. Every athlete is expected to be at every team event. It is a privilege to be on the team so if player doesn't show up there are consequences.

Summer – any unexcused absence from lifting/ 7:7/ big man challenges = sit for ¼ of the next event

Any 2 unexcused absences from lifting/ 7:7/ big man challenges = sit for ½ of the next event

3 or more unexcused absences from lifting/ 7:7/ big man challenges =sit for entire next event

During the season –

1 unexcused = sit for a quarter

2 unexcused = sit for a half

3 unexcused = sit for a game

Total of 5 unexcused absences during the entire season results in dismissal from the team.

If unable to attend, the expectation is that the player will communicate directly with his head coach, unless he is physically unable.

Parent Communication

Expectations – the players communicate about their absences and needs directly to the coach and the parent doesn't handle this for their son.

Communication –

Players must communicate first regarding playing time

Must seek information from the position coach, coordinator, head coach

Coaches must not talk about playing time with a parent unless all avenues for the player has been exhausted

We expect parents to be professional when approaching the coaches

WE WILL NEVER TALK ABOUT ANOTHER PLAYER WITH A PARENT

My door is always open if you want to talk about anything so feel free to contact me about anything else.

NEVER APPROACH A COACH ON GAME NIGHT –wait and give at least 24 hours before meeting post game.
